

Amendment to Members Handbook – November 2008

3.3 Abeyance

Members absent from Tasmania for more than twelve months from the commencement of the season may apply for absentee membership at an annual fee of \$50. Payment must accompany the application, which is made on an annual basis and documentation proving interstate /overseas residence must accompany application. The maximum period for absentee membership is three years and if Full Membership is not resumed thereafter then the Member will have to reapply via the waitlist.

No membership card will be issued while a member holds absentee membership, therefore no access is available to Bellerive Oval and there will be no reciprocal rights available from other Associations. Membership renewal forms will be automatically forwarded at the completion of each season and absentee members must ensure that the TCA has an up-to-date postal address and contact details.

A member is eligible for absentee membership only after the entrance fee and the first year's subscription has been paid, regardless of residential status.
